AEROCRS WELCOMES BAR AVIATION

News / Airlines

AeroCRS is delighted to announce the implementation of BAR Aviation Uganda, licensed by the Uganda Civil Aviation Authority offering domestic scheduled flights, regional and international charter services. After a thorough selection process, the migration and implementation were completed in record time with BAR Aviation Uganda to continue to grow existing services as well as initiate new destinations. The AeroCRS team worked for hand in hand with the airline in order to start sales and operations quickly and efficiently.?

BAR Aviation Uganda was established in 2008 by qualified pilots to offer exclusive and affordable transport within Uganda. The team at BAR Aviation Uganda always goes above and beyond to ensure innovation and improvements in the services offered. They currently operate a range of Fixed-wing and Helicopters across the region offering uncompromising safety.

Mr. Barak Orland, Chief Executive Officer of BAR Aviation commented: “We are extremely happy to have partnered with AeroCRS for our growth and expansion plans. Our team has been impressed with the technology suite of AeroCRS and we are glad to be joining their customer base out of East Africa. The team at AeroCRS was quick to not only understand our requirements but make suggestions to assist in our plans and manage our flight

options to customers. We are particularly happy with the ease at which we automated much of our functionality whilst ensuring access to data and analytical content. We look forward to growing our operation and increasing passenger volumes working together with the team at AeroCRS."

Mr. Meir Hadassi Turner, Founder & CEO of AeroCRS commented: "We are pleased to welcome BAR Aviation Uganda to the AeroCRS family, and look forward to a long-term relationship. AeroCRS has been working closely with the airline to help them to have a smooth cutover and start. The AeroCRS team will assist the airline to reach its business objectives by managing its operations and reservations and offering connectivity to multiple distribution channels quickly and securely to ensure customers are able to locate and book BAR Aviation services".

AeroCRS provides innovative, user-friendly, and cloud-based solutions to more than 90 airlines and transport providers all over the world. AeroCRS solutions include – AeroCRS PSS, a robust online reservation system that consists of full IBE, open API, B2B platform, Fare Branding, Flights and Fares Management, FFP, Reporting Center, and much more.
