MEDSKY AIRWAYS CELEBRATES 3RD ANNIVERSARY IN LIBYA WITH MAJOR EXPANSION ANNOUNCEMENTS

News / Airlines

Medsky Airways proudly celebrated 3rd Anniversary of its direct flight operations between Malta and Libya, marking a milestone since services were successfully resumed in 2022 after an eight-year suspension. The event highlighted Medsky's commitment to strengthening connectivity across the Mediterranean, with several key announcements underscoring the airline's growth strategy:

• **New Routes:** The official launch of direct flights from Tripoli and Benghazi to Athens, Greece, and Spain, expanding Medsky's network and reinforcing its role as a bridge between Libya and Europe.

• **Fleet Expansion:** The successful registration of Medsky's second aircraft in Malta, further consolidating its operational base.

• **Future Growth:** Plans were revealed for the acquisition of additional aircraft, aimed at strengthening the fleet and supporting Medsky's ambitious long-term vision.

Mr. Abubakeer Elfortia commented: "These milestones are more than just achievements—they represent Medsky's mission to reconnect Libya with Europe and to open new opportunities for travel, business, and cultural exchange. The company has already paid for two brand-new Airbus A321neo aircraft. One will enter service before the end of this year, while the second is scheduled to arrive at the beginning of next year."

With its expanding network and growing fleet, Medsky Airways is committed to delivering safe, reliable, and efficient air travel, contributing to regional growth and connectivity.
