NEW AIRBALTIC RECORD – 5 MILLION PASSENGERS IN 2019

News / Airlines

airBaltic in 2019 has carried 5 049 317 passengers or 22% more than the year before to its network. It is the highest number of passengers carried in airline's history.

Martin Gauss, Chief Executive Officer of airBaltic: "We are reaching new heights and offering better connections to people travelling to and from the Baltics. In 2019, we continued our sustainable growth path and showed strong results that will help us to pave our future path, strengthening our role as the largest carrier in the region. Last year we launched nine new routes, and, by adding more Airbus A220-300 to our fleet, increased the comfort and reliability of our flights. Already now majority of our passengers fly on the Airbus A220-300 aircraft. "
