18 WORLD SPEED RECORDS - PHENIX JET CAYMAN (HONG KONG) DELIVERS UNMATCHED TRAVEL EFFICIENCY TO ITS CLIENTS

News / Business aviation

Phenix Jet Cayman (Hong Kong) reaches a remarkable milestone by setting 18 world speed records, within the past nine months on its Bombardier Global 7500 fleet. This achievement is a testament to its commitment to efficient business aviation travel and showcases the extraordinary capabilities of the Global 7500.

Impressive Record-Breaking Achievements

In just nine months, operating under normal payloads for the Bombardier Global 7500, Phenix Jet Cayman (Hong Kong) has reduced the flight time between several major business destinations:

- March 4: San Francisco to Phoenix - 1 hr 22 mins
- March 6: Phoenix to Paris - 8 hrs 33 mins
- April 2: Los Angeles to Tokyo - 10 hrs 28 mins
- April 4: Tokyo to Los Angeles - 8 hrs 10 mins
- April 9: San Jose to Tokyo - 10 hrs 20 mins

- April 13: San Jose to Seattle - 1 hr 26 mins
- April 19: New York to London - 5 hrs 45 mins
- April 23: London to New York - 6 hrs 47 mins
- April 30: San Francisco to Tokyo - 9 hrs 53 mins
- May 2: Tokyo to Bali - 6 hrs 58 mins
- May 6: Bali to Tokyo - 6 hrs 32 mins
- June 5: Tokyo to Honolulu - 6 hrs 33 mins
- June 15: Qingdao to San Jose - 10 hrs 15 mins
- June 17: Honolulu to Tokyo - 7 hrs 20 mins
- June 21: Tokyo to Geneva - 14 hrs 11 mins
- July 24: Tokyo to Rome - 14 hrs 1 min
- July 29: Paris to Delhi - 8 hrs 56 mins
- July 29: Delhi to Tokyo - 7 hrs 8 mins

A Commitment to Excellence

These world records not only showcase the Phenix Jet Cayman (Hong Kong) team's operational excellence but also the extraordinary performance capabilities of the Bombardier Global 7500. The high demand for quick and efficient business jet travel between these preferred destinations reflects on the safe, secure and reliable service provided by Phenix Jet on its fleet of Bombardier Global 7500s. Phenix Jet Cayman (Hong Kong) has been recognized as the Best Charter Operator and the Operator with the Largest Charter Fleet in Asia by the Asian Business Aviation Association and Asian Sky Group respectively, further reinforcing its reputation in the industry.

Andrew Svoboda, the CEO of Phenix Jet Cayman (Hong Kong), commented: "We are incredibly proud to have set these 18 world speed records, demonstrating the unmatched capabilities of our dedicated operations team and the exceptional Bombardier Global 7500."

Emmanuel Bornand, Vice President, Aircraft Sales, International, said: "Bombardier congratulates the Phenix Jet Cayman (Hong Kong) team on its most recent record-breaking performances on the incredible Global 7500 aircraft. As its recent speed records can attest, the Global 7500 continues to reveal its incredible technological advancements that raise the standard for the industry."
