AERIS AVIATION NAMES C2 AVIATION AS NEW SERVICE CENTRE FOR ECLIPSE JETS

News / Business aviation, Maintenance / Trainings

One Aviation has named **C2 Aviation** based at The Cotswold Airport as a new Gold international service centre for **Eclipse 500**, Eclipse SE, and Eclipse 550 twin-engine jets.

C2 Aviation is the fourth European Gold service centre for Aeris and the first in the UK. C2 Aviation will provide maintenance, inspections, parts and warranty support, as well as AOG services for Eclipse aircraft.

> “This is the culmination of over 3 years hard work in finding first class service centres to support new sales and our existing clients in Europe.”

“This is the culmination of over 3 years hard work in finding first class service centres to support new sales and our existing clients in Europe. Last year we added General Enterprises in the Netherlands and this a further addition which will give us a broad and robust geographical spread of maintenance and support,” said David Hayman, CEO of **Aeris**, the UK distributor for Eclipse. “I have worked closely with all of our service centres over the last 3 years and welcome C2 to the team and very much look forward to working with them”.

C2 Aviation was established in 2013 by Chris Vaughan and Charlie Kyle who each have 35 years of aviation maintenance experience. It services a wide range of general aviation jets and turboprops.

> “With the Eclipse 550 now in production and the imminent arrival of its EASA certification, we are looking ahead to a growing number of Eclipse aircraft that will need a maintenance facility in the UK and Europe.”

“With the Eclipse 550 now in production and the imminent arrival of its EASA certification, we are looking ahead to a growing number of Eclipse aircraft that will need a maintenance facility in the UK and Europe,” said Charlie Kyle, managing director of C2 Aviation. “We are extremely excited that we were chosen by ONE Aviation to provide maintenance services to its growing fleet.”

C2 Aviation joins the two Eclipse Platinum service centres, located in Albuquerque, New Mexico and Chicago, Illinois, as well as the six Gold service centres in Boca Raton, Florida, San Diego, California, Curitiba, Brazil, Eelde, The Netherlands, Friedrichshafen, Germany, and Istanbul, Turkey.
