EXECUJET MRO SERVICES MALAYSIA TO EXHIBIT AT SELANGOR AVIATION SHOW 2024

News / Business aviation, Maintenance / Trainings

ExecuJet MRO Services Malaysia will be one of the main exhibitors at the Selangor Aviation Show 2024 (12-14 September), a significant event that highlights Malaysia's position as a robust hub for business and general aviation. The fourth edition of the Selangor Aviation Show will be at Subang Airport where ExecuJet MRO Services Malaysia opened its new 149,500ft2 MRO facility, the largest one for business aviation in Malaysia.

Ivan Lim, Regional VP Asia at ExecuJet MRO Services comlmented: "We are pleased to participate as the show has evolved into a noteworthy platform for showcasing the future of business aviation in the region.Malaysia has set a target of capturing half of Asia's MRO market and five percent of the global MRO market by 2030.

ExecuJet MRO Services Malaysia will promote at the show its capabilities: airframe line and heavy maintenance, AOG support, cabin interior refurbishment, aircraft modifications, avionics upgrades, satcom installations, component repair and so on.

Its new purpose-built MRO facility at Subang includes: a large maintenance hangar, workshops,
