EXPLORE HONDA JET IN RUSSIA

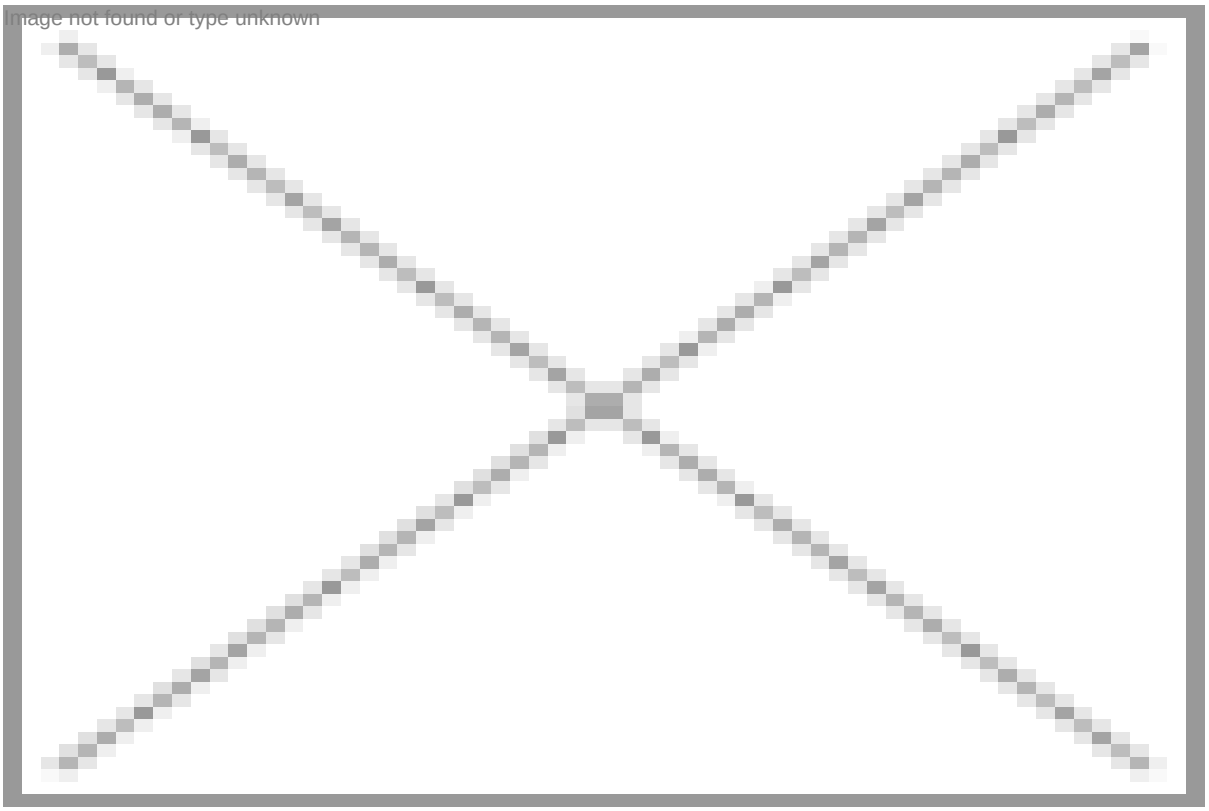

News / Business aviation

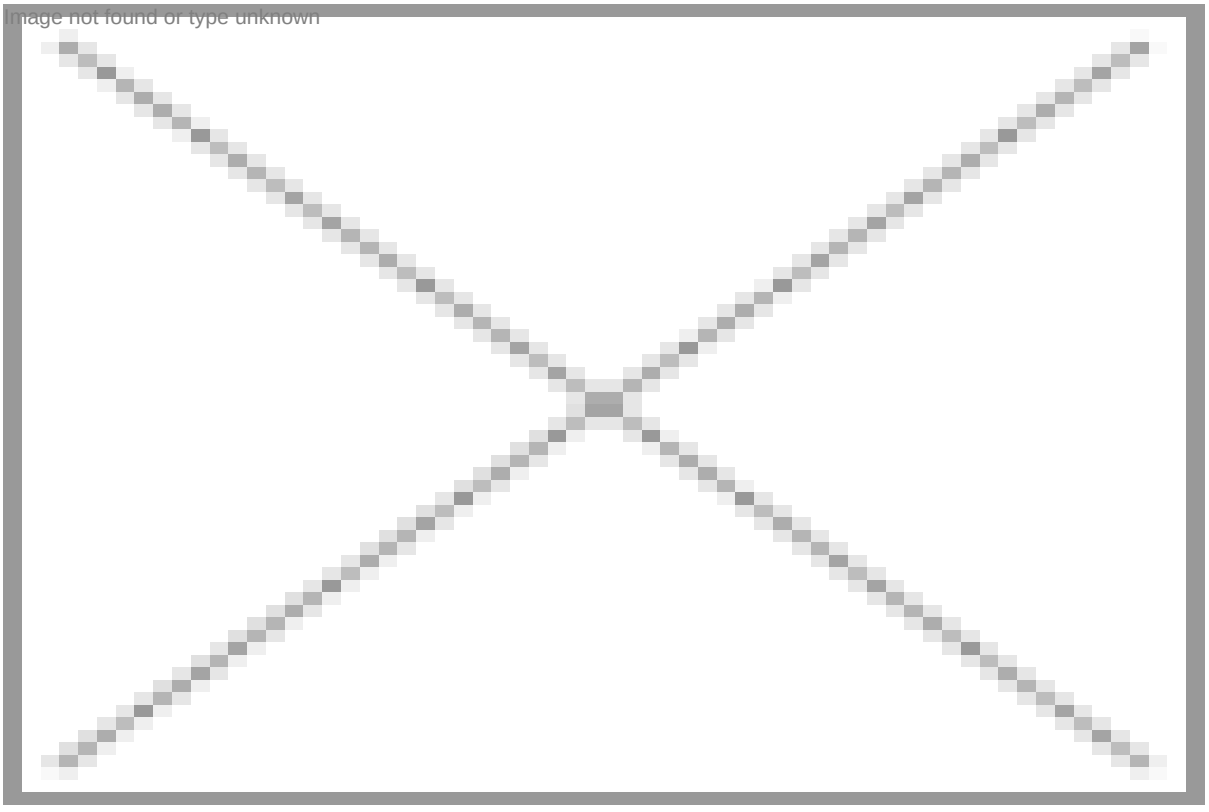

July 2016 AIM OF EMPEROR Group of companies was appointed as an exclusive Authorized Sales Representative for the new HondaJet HA-420 in Russia & CIS by HondaJet Central Europe, Honda Aircraft Exclusive Dealer and Distributor for Central Europe.

This significant agreement was reached due to the vast experience of the group of companies, where Aircraft Management Company - Emperor Aviation - plays the main role. Besides, the Group includes charter, brokerage, fueling and several other businesses.

According to Irakli Litanishvili, the AIM OF EMPEROR group of companies' owner, Russia and CIS countries represent a perspective platform for developing sales in the region. The HondaJet stands out from competitors, positioning itself as a technologically advanced, innovative high performance light business jet. In May 2016, Honda Aircraft Company received the certificate of the European Aviation Safety Agency (EASA) for the HondaJet aircraft at the European Business Aviation Convention & Exhibition (EBACE), held in Geneva.

This means that the aircraft complies with the highest European safety standards. The Honda

Aircraft HA-420 HondaJet accommodates up to six passengers and is certified for single pilot operation. The aircraft has a cruise speed of 422 knots (777 km/h) with the operating flight range of over 2,200 km. Of special interest are the HondaJet over the wing engine mounts (OTWEM) providing reduced drag, increased cabin/baggage capacity and reduced interior noise levels all leading to a best in class high performance light jet. AIM OF EMPEROR group of companies' representatives are more than confident that this aircraft is a breakthrough in the light jet aircraft segment for this region.
