Center for Business Aviation Pulkovo-3 is the first in the North West region which has all necessary facilities.

The launching of our Center for Business Aviation Pulkovo-3 allowed us to considerably expand our list of services for business flights, including long term parking.

The surface area of the Center for Business Aviation Pulkovo-3 100,000 sq.m. with ramps accommodating more than 30 aircraft parking places, aircraft hangars, the passenger terminal,

and other infrastructure.

Center for Business Aviation Pulkovo-3 is oriented towards providing complex services. Ensuring parking places for aircraft constitutes one of the most important services of the Center for Business Aviation Pulkovo-3. The total area of the apron more than 50 000 sq. m.

Currently, the apron is able to receive more then 30 aircraft at a time. The ever-growing number of flights emphasizes the need for an early commissioning of the hangar complex (third phase),

which will ensure that Pulkovo-3 clients can store aircraft in the hangar, and will increase the number of concurrently serviced aircraft in 1,5 times. The apron and hangar will be able to service almost any types of business aircraft.

Pulkovo-3 passenger terminal is equipped with all the essential means and facilities to provide services to business passengers. The terminal complies with the highest standards and can fully meet all the needs of customers, providing services at the highest level. Passengers flying on both domestic and international flights may be serviced on the first floor of the terminal.
