News / Business aviation, Personalities

On March 8, 2022, on the occasion of International Women's Rights Day, the Paris Heliport – Issy-les-Moulineaux will be renamed “Héliport Paris – Issy-les-Moulineaux Valérie André” in the presence of the 1st woman named General in France, which celebrates its 100th anniversary this year.

100 years ! This is the symbolic age that the General Inspector Valérie André will reach on April 21.

Airplane and helicopter pilot, parachutist and doctor-surgeon, Valérie André has all her life pushed the limits of the possible. The undisputed heroine of French military aviation, the MGI Valérie ANDRÉ has ??also had a profound impact on the international aeronautical world since her exploits in Indochina in the 1950s, where she was the first woman in the world to pilot helicopters on war missions, such as in as the first woman appointed to the rank of general in the history of France, or even as the architect of the creation of the Air and Space Academy.
