TAG AVIATION LE BOURGET BECOMES AN AUTHORISED ROCKWELL COLLINS DEALER

News / Business aviation

TAG Aviation's Le Bourget Maintenance Service Centre has become a Rockwell Collins authorised business and regional systems (BRS) dealer.

TAG Aviation Le Bourget is now authorised to promote and sell a wide range of the US manufacturer's products including venue cabin management and entertainment solution, an interactive Airshow moving map and Tailwind airborne satellite TV.

"We welcome the opportunity for our line maintenance facility at Paris-Le Bourget to become an authorised Rockwell Collins BRS Dealer."

Franck Madignier, president of Maintenance and FBO Services, TAG Aviation Europe said: "We welcome the opportunity for our line maintenance facility at Paris-Le Bourget to become an authorised Rockwell Collins BRS Dealer. TAG Aviation's extensive industry experience, wide maintenance network and knowledge of business operations in cooperation with Rockwell Collins' innovative communication and aviation electronic solutions is a collaboration which I am certain will be of considerable benefit to both companies."

"We recognise the effort and commitment that TAG Aviation Le Bourget has put forth to become an authorised Rockwell Collins BRS Dealer. As an authorised dealer TAG Le Bourget is able to provide Rockwell Collins' avionics and cabin support solutions for our mutual customers. As we work together to provide these solutions, TAG will have access to our worldwide customer sales and support network" added Didier Perrin, senior director, Marketing Sales and Support, EuMEA for Rockwell Collins.
