WESTON AVIATION LAUNCHES FBO OPERATIONS IN ASSOCIATION WITH AETHER – THE PRIVATE TERMINAL AT MANCHESTER AIRPORT

News / Business aviation

Weston Aviation launches its FBO services at aether - The Private Terminal at Manchester Airport. In association with aether, Weston Aviation now offers exclusive access to one of the most sophisticated aviation terminals in the region for private jet operators and business aviation passengers. This facility is the ideal setting for a convenient, discreet, and highly personal service. Already recognised for its thoughtfully designed spaces and modern amenities, aether now serves as Weston Aviation FBO operations location, delivering tailored ground handling and support services to ensure a smooth and efficient experience for both passengers and crew at Manchester Airport.

Nick Weston, CEO of Weston Aviation commented: “We are thrilled to begin offering our full suite of services at aether - an exceptional facility that aligns perfectly with our market and our commitment to providing outstanding customer care. Our FBOs and aviation services are designed to provide a hassle-free experience, allowing our customers to focus on what matters most, confident that their travel needs are being handled with care. This collaboration strengthens our position in the market, allowing us to innovate the way we provide our premium service at Manchester Airport.”

Marie-Claire Sheedy, Partnership Manager at aether stated: “With their stellar reputation in business aviation and our shared commitment to delivering an effortless airport experience, this collaboration is a natural fit. Together, we’re expanding the premium experience available to private aviation customers at Manchester.”

aether’s opening at the tail end of 2024 has already set a new standard of service at Manchester Airport. As private aviation demand grows, Weston Aviation’s arrival brings dedicated FBO operations to the aether facility — further cementing it as a leading destination for business and leisure travellers flying through Manchester with Weston Aviation. The FBO services are now available, with bookings already being accepted for both passengers and operators.
