TAG AVIATION MALTA CELEBRATES FIRST ANNIVERSARY

News / Business aviation

TAG Aviation Europe was delighted to mark the first anniversary of its Maltese AOC this month with an official celebration alongside the inauguration of a brand new office space.

Securing the Maltese AOC last year was a terrific complement to TAG's other European operations and its on-going expansion into new EU territories in order to provide aircraft owners and customers with an attractive choice of aircraft commercial registration.

TAG Malta has enjoyed a flourishing twelve months of operations, with its fleet growing at a very healthy rate and now comprises 8 aircraft available for worldwide charters, with more corporate jets expected to be added to the fleet later this year.

"It is with great pleasure that we celebrate our first very successful year of flight operations in such a commercially abundant commonwealth state", said FrancoisStock, TAG Aviation's Accountable Manager of the Maltese AOC. "The incredible success and impressive growth of our young Maltese company is, first of all, the result of a passionate team, all of whom continue to provide a fantastic service through their enthusiasm and dedication. We thank our clients for their confidence in us and look forward to a continuing to surpass their expectations and remain committed to providing a very attractive solution

of jurisdiction for new clients coming onboard."

"It was evident from day one that TAG Malta would be a prized addition to the list ofoperators who decided to make Malta their jurisdiction of choice", said CaptainCharles Pace, Director General, Civil Aviation Directorate Transport Malta (TM-CAD)."The professionalism, dedication and determination of the management and staff have made it a near seamless process and we are happy to see their growth over the months with 8 aircraft. We look forward to working with TAG Malta in the coming months not only to consolidate but to steadily grow stronger and bigger in the years to come."
