# AVIAAM LEASING LEASES SECOND AIRBUS A321 AIRCRAFT TO AIR TRANSAT

**News / Finance**

**AviaAM Leasing; a WSE listed global aviation holding company engaged in commercial aircraft acquisition, leasing, and sales; has announced the delivery of an Airbus A321-211 to the Canadian carrier Air Transat. The aircraft will supplement an Airbus A321 which was delivered by AviaAM Leasing earlier this month.**

**The Aircraft was delivered to the client at Kaunas, Lithuania on April 27,fresh from C-check. The aircraft is joining Air Transat's fleet under a 10-year operating lease agreement. AviaAM Leasing is pleased to be able to work with the Canadian carrier and anticipates expending the relationship with joint projects in the future.**

''I am pleased to share we have successfully completed our first project with Air Transat – two A321-211 aircraft were delivered to the carrier ahead of schedule. I believe both, AviaAM Leasing and our partner FL Technics MRO, demonstrated high standards of work and flexibility thus setting tone for a promising future that will open the door to many more opportunities with Air Transat'' – commented Mantas Meizneris, VP Sales at AviaAM Leasing.
