AFI KLM E&M NEW 5-YEAR CONTRACT WITH TAAG ON BOEING 777 POOL AND REPAIR COMPONENT SUPPORT

News / Airlines, Maintenance / Trainings

AFI KLM E&M announced new contract with the national airlines of Angola, TAAG . This five-year agreement includes a pool and repair component support, as well as an Main Base Kit for their aircraft fleet of five 777-300 and three 777-200. This new agreement marks the first exclusive component support agreement between AFI KLM E&M and TAAG, symbolizing the growing relationship between the two companies.

Nelson de Oliveira, Chief Executive Officer at TAAG, commented: "We are pleased to partner with AFI KLM E&M, a trusted provider of MRO services. This 5-year agreement will ensure the reliable and efficient maintenance of our Boeing 777 fleet, which is crucial for our operations. We look forward for this continued fruitful relationship."
