FINAL WEEKS TO APPLY FOR EMBRAER'S MASTER'S IN AERONAUTICAL ENGINEERING

News / Maintenance / Trainings, Manufacturer

The application period for the Master of Science in Aeronautical Engineering Program, offered by Embraer, is now in its final weeks. Engineers from nearly 30 specialties can apply until September 7 for one of the 45 available positions in Brazil. Conducted in partnership with the Technological Institute of Aeronautics, the program will grant each new master's student a monthly scholarship of R$5,000, with a 20% increase after 12 months.

Andreza Alberto, Vice President of People, ESG, and Corporate Communications at Embraer commented: "Developing people is a strategic investment and a hallmark of Embraer's culture. By the end of the program, the hiring rate of these new talents is high, over 96%. To date, more than 1,600 graduates from the initiative have joined our team, helping us design the future of aviation."

Over the course of 18 months, the selected candidates will take part in both in-person and partially

remote classes held in São José dos Campos (SP), Brazil, at Embraer's headquarters and ITA. The curriculum is taught by professionals from both institutions as well as external consultants. Students will graduate with a professional master's degree in Aeronautical Engineering, recognized by the Ministry of Education of Brazil.

This edition is open to professionals who earned an engineering degree in 2023, 2024, or 2025 in the following fields: Aeronautical or Aerospace, Environmental, Automotive, Civil, Computer, Control and Automation, Electrical, Electronic, Energy, Physics, Manufacturing, Maintenance, Materials, Mechanical, Mechatronics, Metallurgical, Mining, Naval, Nuclear, Petroleum, Production, Chemical, Robotics, Systems, Software, Telecommunications, and Transportation. Advanced English proficiency is required.

Applications are open on embraer.com/pee, and classes begin in February 2026. Students will receive benefits such as medical and dental insurance, life insurance, and meal allowances, besides the monthly scholarship.
