U.S. AIR FORCE AGAIN SELECTS GULFSTREAM FOR FLEET SUPPORT

News / Business aviation, Manufacturer

Gulfstream Aerospace has been awarded a contractor logistics support services contract from the U.S. Air Force Life Cycle Management Center for C-20 and C-37 fleets. This contract extends over a seven-year period and provides services to the U.S. Air Force, U.S. Navy, U.S. Marine Corps, U.S. Army and U.S. Coast Guard.

Mark Burns, president, Gulfstream commented: "For nearly 60 years, Gulfstream has been a trusted partner to governments and military organizations worldwide, and we are honored that the U.S. Air Force has once again selected our company to support the U.S. military's fleet. This demonstrates the strength of our world-class Customer Support network and its ability to support all of our customers' missions. Gulfstream's Special Missions business delivers cutting-edge aircraft expertly engineered for a wide range of critical operations and is currently experiencing unprecedented activity with customers around the world."

The latest CLS contract is valued at $991 million and includes a wide variety of support such as global maintenance, component overhaul, repair and modification services. Gulfstream Customer Support will perform the work at Joint Base Andrews, Maryland; Joint Base Pearl Harbor-Hickam,
